Education

BS Computer Science,

2019 – 2024

Shaheed Zulfikar Ali Bhutto Institute of Science and Technology (SZABIST)

Karachi, Pakistan

CGPA: 3.13/4.00

Relevant Coursework: Database Management Systems, Data Analytics, Statistics, Artificial Intelligence

Experience

Project Intern – HR Department, *Habib Bank Limited (HBL)*

04/2026 – Present

- Manage and track HBL's internship portfolio end-to-end, coordinating onboarding, documentation, and reporting for a multi-department trainee cohort.
- Design and maintain Excel-based tracking systems that centralize HR records, reducing manual lookup time and improving data accuracy across ongoing programs.
- Partner with HR stakeholders to standardize documentation practices, supporting audit readiness and consistent process tracking across teams.

Karachi, Pakistan

The League Intern – Data & Innovation, *Habib Bank Limited (HBL)*

06/2024 – 08/2024

- Designed a structured onboarding workflow for the 'Baji' program with the Innovation & Financial Inclusion team, improving accessibility for female agents joining HBL's network.
- Mapped end-to-end user workflows and produced data documentation used for requirement gathering across cross-functional teams, accelerating process alignment.
- Created workflow diagrams that clarified handoffs between teams, reducing ambiguity in the program rollout process.

Karachi, Pakistan

Projects

HR Analytics Dashboard

- Built an end-to-end reporting pipeline using Excel for data cleaning and transformation and Power BI for visualization, enabling real-time tracking of key HR performance indicators
- Replaced static spreadsheet reporting with an interactive dashboard, giving stakeholders faster access to up-to-date KPIs

Tourism Trends Analysis

- Cleaned and transformed large, multi-season tourism datasets to prepare them for analysis
- Designed interactive, filterable dashboards that helped stakeholders identify high-growth opportunities by region and season

Training / Courses

Programming for Everybody: Getting Started with Python, *Coursera, University of Michigan*
